TOWNSEND

THE ORIGINAL DISCOVERER OF THE Genuine Townsend Sarsaparilla. Old Dr. Townsend is now about 70 years of age, and has long been known as the AUTHOR and DISCOVERER of the GENUINE ORIGINAL "TOWNSEND SAR-S.AP.ARII.L.d." Being poor, he was compelled to limit its manufacture, by which means it has been kept out of marthe ears of many, nevertheless, as those persons who had been healed of sore diseases, and saved from death, pro-

HEALING POWER. Knowing, many years ago, that he had, by his skill, science and experience, devised an article which would be of incalculable advantage to mankind when the means would be furnished to bring it into universal notice, when its inestimable virtues would be known and appreciated. This time has come, the means are supplied; this GRAND AND UNEQUALLED PREPARATION is manufactured on the largest scale, and is called for throughout the length and breadth of the land, especially as it is found incapable of degeneration or deterioration.
Unlike young S. P Townsend's, it improves with age, and Unitie young S. P. Townsend's, it improves with age, and never changes, but for the better: because it is prepared on scientific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brought into requisition in the manufacture of the Old Dr's Sarsaparilla. The Sarsaparilla root, it is well known to medical men, contains many medicinal properties, and some properties which are inert or useless, and others, which if retained in preparing it for use, produce fermentation and acid, which is injurious to the system. Some of the properties of Sarsaparilla are so volatile, that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process, known only to those experienced in its manufacture. Moreover, these volatile principles, which fly off in vapor, or as an exhalation, under heat, are the very essential medical properties of the root, which give to it all its value.

Any person can boil or stew the root till they get a dark solored liquid, which is more from the coloring matter in the root than from any thing else; they can then strain this insipid or vapid figuil, sweeten with sour molasses, and then call it "SARSAPARILLA EXTRACT or SY-RUP." But such is not the article known as the RUP." But such is not the article known as the GENUINE OLD DR. JACOB TOWNSEND'S SARSAPARILLA.

This is so prepared, that all the inert properties of the Sarsaparilla root are first removed, every thing capable of becoming acid or of fermentation, is extracted and rejected : and concentrated form; and thus it is rendered incapable of losing any of its valuable and healing properties. Prepared in this way, it is made the most powerful agent in the Cure of innumerable diseases.

Hence the reason why we hear commendations on every side in its favor by men, women, and children. We find it CONSUMPTION, DYSPEPSIA, and LIVER COM-PLAINT, and in RHEUMATISM, SCROFULA. PILES, COSTIVENESS, all CUTANEOUS ERUP TICNS, PIMPLES, BLOCTHES, and all affections IMPURITY OF THE BLOOD.

It possesses a marvellous efficacy in all complaints arising from Indigestion, from Acidity of the Stomach, from unequal circulation, determination of blood to the head, palputation of the heart, cold feet and hands, cold chills and hot flashes over the body. It has not its equal in Colds and Coughs and promotes easy expectoration and gentle perspirat relaxing stricture of the lungs, throat, and every other part Elizabethtown, on the first Monday in August But in nothing is its excellence more manifestly seen and next, and show cause if any he has, why the last acknowledged than in all kinds and stages of FEMALE COMPLAINTS. will and testament of the said Levy Jones Sen.,

It works wonders in cases of Fiver Aibus or Whites. Fulling of the Womb, Obstructed, Suppressed, or Painful Menses, Irregularity of the menstrual periods, and the like; and is as effectual in curing all the forms of Kidney Diseases. By removing obstructions, and regulating the general system, it gives tone and strength to the whole body, and

Nervous diseases and debility, and thus prevents or relieves a great variety of other male dies, as Spinal irritation. Neuralgia, St. Vitus' Dance Swooning, Epileptic Fits, Convulsions, &c.
It cleanses the blood, excites the liver to healthy action, tones the stomach, and gives good digestion, relieves the bowels of torpor and constitution, aliays inflammation, purifies the skin, equalises the circulation of the blood, producing gentle warmth equally all over the body, and the insensible perspiration; relaxes all strictures and tight ness, removes all obstructions, and invigorates the entire ervous system. Is not this then

The medicine you pre-eminently need? But can any of these things be said of S. P. Townsend's nferior article? This young man's liquid is not to be COMPARED WITH THE OLD DR'S. cause of one GRAND FACT, that the one is INCAPA BLE of DETERIORATION, and

NEVER SPOILS. while the other DOES; souring, fermenting, and bicking the bottles containing it into fragments; the sour, acid liquid exploding, and damaging other goods! Must not this horrible compound be poisonous to the system!—What! put said into a system already diseased with acid! What causes Dyspepsia but acid? Do we not all know that when food lence, heartburn, palpitation of the heart, liver complaint, diarrhea, dysentery, colic, and corruption of the blood ! What is Scrotula but an acid humor in the body? What what is Scrolline but an acid number in the body I what produces all the humors which bring on Eruptions of the Skin, Scald Head, Salt Rheum, Eryspelas, White Swell lags, Fever Sores, and all ulcerations internal and external! It is nothing under heaven, but an acid substance, which sours, and thus spoils all the fluids of the body, more or less. What causes Rheumatism but a sour or sold fluid which insinuates itself between the joints and elsewhere. britsting and inflaming the delicate tissues upon which it acts? So of nervous diseases, of impurity of the blood, or deranged circulations, and nearly all the ailments which afflict human nature.

Now is it not horrible to make and sell, and infinitely SOURING, FERMENTING, ACID "COM-POUND" OF S. P. TOWNSEND, and yet he would fain have it understood that Old Dr. Jacob

Townsend's Genuine Original Sareaparilla, is an IMITA-PION of his inferior preparation!! Heaven forbid that we should deal in an article which would bear the most distant resemblance to S. P. Townend's article! and which should bring down upon the Old Or, such a mountain load of complaints and criminations from Agents who have sold, and purchasers who have used S. P. Townsend's FERMENTING COMPOUND. We wish it understood, because it is the absolute truth, that S. P. Townsend's article and Old Dr. Jacob Townsend's Sursaparilla are heaven-wide apart, and infinitely dissimilar; that they are unlike in every particular, having oot one single thing in common.

As S. P. Townsend is no doctor, and never was, is no chemist, no pharmaceutist—knows no more of medicine or disease than any other common, unscientific, unprofessional

man, what guarantee can the public have that they are receiving a genuine scientific medicine, containing all the virtues of the articles used in preparing it, and which are in capable of changes which might render them the AGENTS But what else should be expected from one who knows othing comparatively of medicine or disease! It requires a person of some experience to cook and serve up even a emmon decent meal. How much more important is it that

the persons who manufacture medicine, designed for WEAK STOMACHS AND ENFEEBLED SYSTEMS. should know well the medical properties of plants, the best manner of securing and concentrating their healing virtues, also an extensive knowledge of the various diseases to these diseases:

It is to arrest frauds upon the unfortunate, to pour balm

into wounded humanity, to kindle hope in the despairing bosom, to restore health and bloom, and vigor into the crushed and broken, and to banish infirmity that OLD DR. JACOB TOWNSEND has SOUGHT and FOUND the oprtunity and means to bring his Grand Universal Concentrated Remedy within 'ne reach, and to the knowledge of all who seed it,

City and County of New York, ss. William Armstrong of said city being duly sworn, doth depose and say that he is a practical Druggist and Chemist. That some time in the latter part of May, or first of June, 1848, a man by the name of Jacob Townsend, who at that time was a book and pamphlet pedlar, called upon deponent at the house of Mr Thompson, No. 42 Hudson street, where deponent boarded, and requested deponent to write him a recipe by which to make a Syrup of Sarsaparilla. Deponent further says, that he became acquainted with said Townsend at the office of Theodore Foster, Esq., book publisher, with whom said Townsend dealt. That said Townsend had had frequent conversations with deponent respecting the manufacture of an article of Sarsaparilla to be sold under the name of Dr

Jacob Townsend. That said Townsend stated he was an old man and poor, and was not fit for hard labor, and wished to make some money in order to live easy in his old days, and that if Sarsaparilla under the name of Townsend sold so well, and so much money was made by it, he could see no reason why he might not make something out of it too, (his name being Townsend,) if he could get a capable person to prepare a recipe and manufacture it for him. Deponent in one of the conversations asked said Townsend if he was related to Dr S P Townsend, to which he replied that he knew Dr S. P. would be down on him after he should commence : but that he did not care for him, as he had formed a copartnership with men who could furnish the requisite amount of capital-and was well prepared to defend himself against any attack that might

Deponent further says that pursuant to the request of said Jacob Townsend, he wrote a recipe for the manufacture of a Syrup of Sarsaparilla and gave it to him. Said Townsend observed that he wanted to make a specimen to exhibit to his partners for their approval, as he wished to gratify them in every thing, as they furnished all the capital :-- said Townsend also told deponent that the bottles they were to use were to be of the same size and shape as Dr S. P.'s, and deponent, at the request of said Jacob Townsend, went to the office of Dr S. P. and procured one of his labels.

And deponent further says that he has been informed and verily believes the Syrup of Sarsaparilla sold as Old Dr Jacob Townsend's, is made after the recipe furnished by deponent to Jacob Townsend, as aforesaid.

And further deponent saith not. WILLIAM ARMSTRONG. Sworn to before me, this 24th day of May, 1849, C. S. WOODHULL, Mayor of the city of New York.
